

MUHAMMAD ERLANGGA PUTRA WITANTO

085155277080 • muhammaderlanggaputraw@gmail.com

SUMMARY

Results-oriented Computer Science student with experience in web development (Laravel, Tailwind CSS, API integration). As Vice Chairman of a student association, experienced in leading teams and managing projects, with strong problem-solving and adaptability skills.

WORK EXPERIENCE

Freelance Web Developer

Present

- Built and customized WordPress websites based on client requirements
- Improved website performance and responsiveness, enhancing user experience
- Managed deployment, hosting, and ongoing maintenance

Freelance Computer & Mobile Technician

Present

- Performed basic troubleshooting and minor repairs for smartphones, laptops, and desktops
- Assisted with software installation, system setup, and routine maintenance
- Handled basic hardware upgrades such as RAM and storage
- Provided support for common technical issues

PT. INDI Technology

August 2024 - Dec 2024

- Awarded "Best Vocational Intern" in the Fullstack Division
 - Actively contributed to three key projects, including Wings, Product Baik, and Event Management Ticketing System, improving functionality and user experience
 - Developed user-friendly frontend interfaces using Tailwind CSS, and TypeScript, and built scalable backend with Laravel
 - Enhanced collaboration by conducting code reviews and improving project quality through clean, efficient, and reusable code.
 - Gained hands-on experience in modern web development, strengthening expertise in building dynamic and scalable applications using Laravel, including implementing interactive map features with Leaflet.
-

PROJECT

- **Full-stack Website** - Beasiswamncu.com - *Laravel, PHP, Tailwind CSS, MySQL*
- **RESTFul API** - Beasiswamncu.com - *Laravel 11*
- **Front-end Website** - Ujian.Beasiswamncu.com - *React Js, Vite, Tailwind*
- **Full-stack Website** - Jyaa.Beasiswamncu.com - *Laravel, PHP, Tailwind CSS, MySQL*
- **Full-stack Website** - UMKM.go - *Laravel, PHP, Tailwind, Leaflet, MySQL*
- **Full-stack Website** - Management.Beasiswamncu.com - *Laravel, PHP, Tailwind, Leaflet, MySQL*
- **Front-end Website** - Greenovation - *Laravel, PHP, Tailwind, Leaflet*
- **Front-end Website** - antiketiduran (*consume Public REST API*) *Laravel, Tailwind, PHP*
- **Full-stack Website** - ProductBaik - *Laravel, PHP, Tailwind CSS*

- **RESTFul API - ProductBaik - Laravel 10**
 - **Full-stack Website** - Event Management System - *Laravel, PHP, Tailwind CSS, MySQL*
 - **Front-end Website** - Wings - *Laravel, PHP, Tailwind CSS*
 - **Website** - BahteraLembahSystem - *Wordpress, Elementor*
 - **Website** - BerkahSystem - *Wordpress, Elementor*
 - **Website** - Perpustakaan - *Wordpress, Elementor*
 - **Front-end Website** - AbsensiPKL - *Laravel, Leaflet, Tailwind CSS*
 - **Game** - 2D - Unity
-

EDUCATION

MNC UNIVERSITY	2025 - Present
Bachelor of Computer Science	
SMK Prestasi Prima (Vocational High School)	2022 - 2025
Software and Game Development (PPLG)	
• Relevant coursework in Structural Design and Project Management. • Built basic web applications using PHP, HTML, CSS, and JavaScript	

ORGANIZATION

Vice Chairman — HIMAKOMP (Student Association)	Present
• Led and coordinated organizational activities and internal teams • Assisted in decision-making and program execution • Improved communication and collaboration across divisions	
Head of IT Department — Beasiswa MNCU Committee (MFLS)	Present
• Led a team of 3 members to manage and develop IT systems for scholarship programs • Ensured system functionality and supported technical operations during events • Coordinated task distribution and improved team efficiency	
Coordinator of Academic & Entrepreneurship Division — Student Council (OSIS)	2023-2024
• Coordinated academic development and student entrepreneurship programs • Served as Event Team for major school events, including MPLS (student orientation) and LDKO (leadership training) • Assisted in planning and executing event activities to ensure smooth operations	
Project Lead — Orens Solution (Extracurricular), SMK Prestasi Prima	2023-2024
• Led project development and coordinated team members in building competition projects • Contributed to coding and project implementation alongside the development team • Managed booth setup and operations for PPLG during school festivals • Coordinated team activities and ensured project delivery within deadlines	

SKILL

HARD SKILL

- **Web Development** - PHP, Laravel, JavaScript, Tailwind CSS, WordPress
- **Database** - MySQL, MongoDB
- **API & Tools** - RESTful API, Postman, Swagger (Basic)
- **Deployment & DevOps** - Basic deployment using cPanel, Hostinger (hPanel), and Railway Domain & hosting configuration, Docker (Basic)
- **Tools** - Git, GitHub, Figma

Additional Technical Skills

- Basic smartphone and laptop troubleshooting
- Operating system installation (Windows)
- Hardware upgrades (RAM, storage)
- Basic device maintenance

SOFT SKILL

- Leadership
 - Teamwork & Collaboration
 - Communication Skills
 - Problem Solving
 - Time Management
 - Responsibility & Accountability
 - Adaptability (fast learner)
-

ADDITIONAL INFORMATION

- **Certifications:** Certified Junior Programming Assistant LSP (Professional Certification Institute), Programming Training (P4 Program) Vocational High School
- **Awards/Activities:** 3rd Place — LKS (Lomba Kompetensi Siswa) East Jakarta (Cloud Computing)
